Title --- “Workshop on MoodleCloud-ICT Learning Environment ”

Abstract --- Rapid and continuing advances in information and communication technologies (ICT) are changing the way people share, use, develop and process information and technology. It's essential that the contemporary teacher has good ICT skills and is able to integrate ICT into the teaching and learning processes. MoodleCloud is for educators, trainers or anyone who needs an online learning environment to teach a class or facilitate learning in any situation. As an open source platform, Moodle can easily integrate with and complement your existing education software solution. Moodlecloud is one of the delivery tool of e-teaching learning.

This workshop is being organised by IQAC, Hislop College, Nagpur to sensitize and train faculties regarding applications of Moodlecloud software to strengthen e-teaching learning methods
